

ECONOMIC PACKAGING MACHINE

Product Description

Stream Peak's Economic packaging machine packs and seals bags automatically and efficiently, replace traditional sealers to reduce labor cost and time. Our machine is built with stainless steel durable parts, equipped with a computerized control system with PLC with descriptive fault indicator. Adjustable features such as photocell for film length registered and automatic adjustments in 3 bags, strip bags compatible from 2-9 bags available. The machine is compatible with most laminated films such as; PE, BOPP, CPP, PET, PE, NYLON, and other aluminum foil-based films.

Our machine is versatile, adjustable, efficient, and compatible with many films. Easy to use & maintain, pack your goods with our Economic Packaging Machine without worries.

For different dosing systems, we have three series to suit your needs and offer different sealing ways.
